

COLORADO CHILDREN'S  
IMMUNIZATION COALITION

# 2014-2015 Annual Report

Presented November 19, 2015  
CCIC Annual Meeting

Partnering to  
**KEEP COLORADO KIDS HEALTHY**

## OUR MISSION

Founded in 1991, the Colorado Children's Immunization Coalition (CCIC) is a statewide 501(c)3 nonprofit that strategically mobilizes diverse partners and families to advance children's health through immunizations.

# FROM THE EXECUTIVE DIRECTOR

It is hard to imagine the tremendous growth and impact CCIC experienced in 2014 and 2015 without considering the support and partnership of our growing coalition members, our increasingly diverse funders and sponsors and our access to and reliance on Colorado's growing number of world-renowned vaccine experts. Through an increased focus on vaccine policy, outreach to parents and local communities, and the expansion of our provider education and coalition building opportunities, CCIC solidified its vital role as Colorado's only statewide independent nonprofit organization dedicated to children's immunizations.

2014 marked the achievement of significant milestones for CCIC. In addition to leading advocacy efforts to implement new Board of Health exemption rules and increase state funding for the immunization registry by \$1.2 million, we reached over 1 million Coloradans with marketing and outreach efforts, educated more than 1,000 healthcare providers on

immunization research and guidelines, and launched new initiatives including convening the data advisory council, hosting our first immunization summit, and participating in a new Denver Metro HPV alliance.

Our funders rewarded this great success with new and generous awards including unsolicited grants and donations.

Many thanks to the countless parents, public health officials, health care professionals, policy makers and advocates involved in the success we have achieved in 2014-15 and beyond.

**Stephanie Wasserman, MSPH**  
**Executive Director**

# PROGRAM AREAS

*Strengthening and mobilizing Colorado's childhood immunization projects through **coalition building***

*Partnering to provide **free and low-cost vaccines** to families in need*

*Educating health care professionals on crucial and timely vaccine-related topics*

*Advocating for better access to vaccines for all children*

*Communicating vaccine information with healthcare providers, parents, the media and organizations across the country*

Colorado Children's  
Immunization Coalition

# COALITION BUILDING 2014-15: MEMBERSHIP

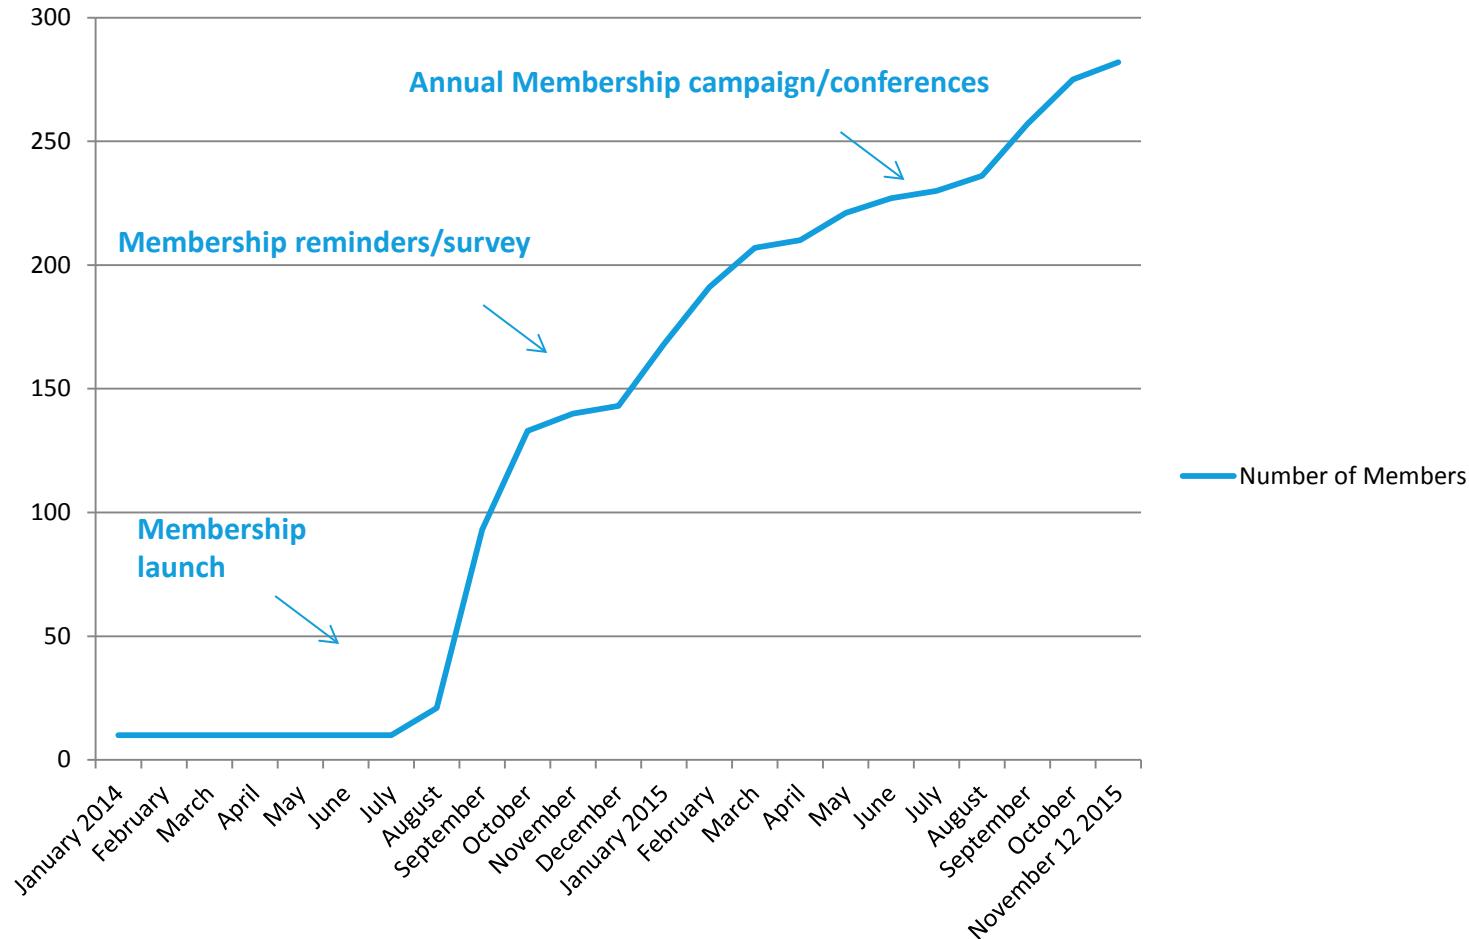

In 2014 and 2015, CCIC defined, diversified and engaged CCIC members to strengthen commitment to the CCIC mission and its programs.

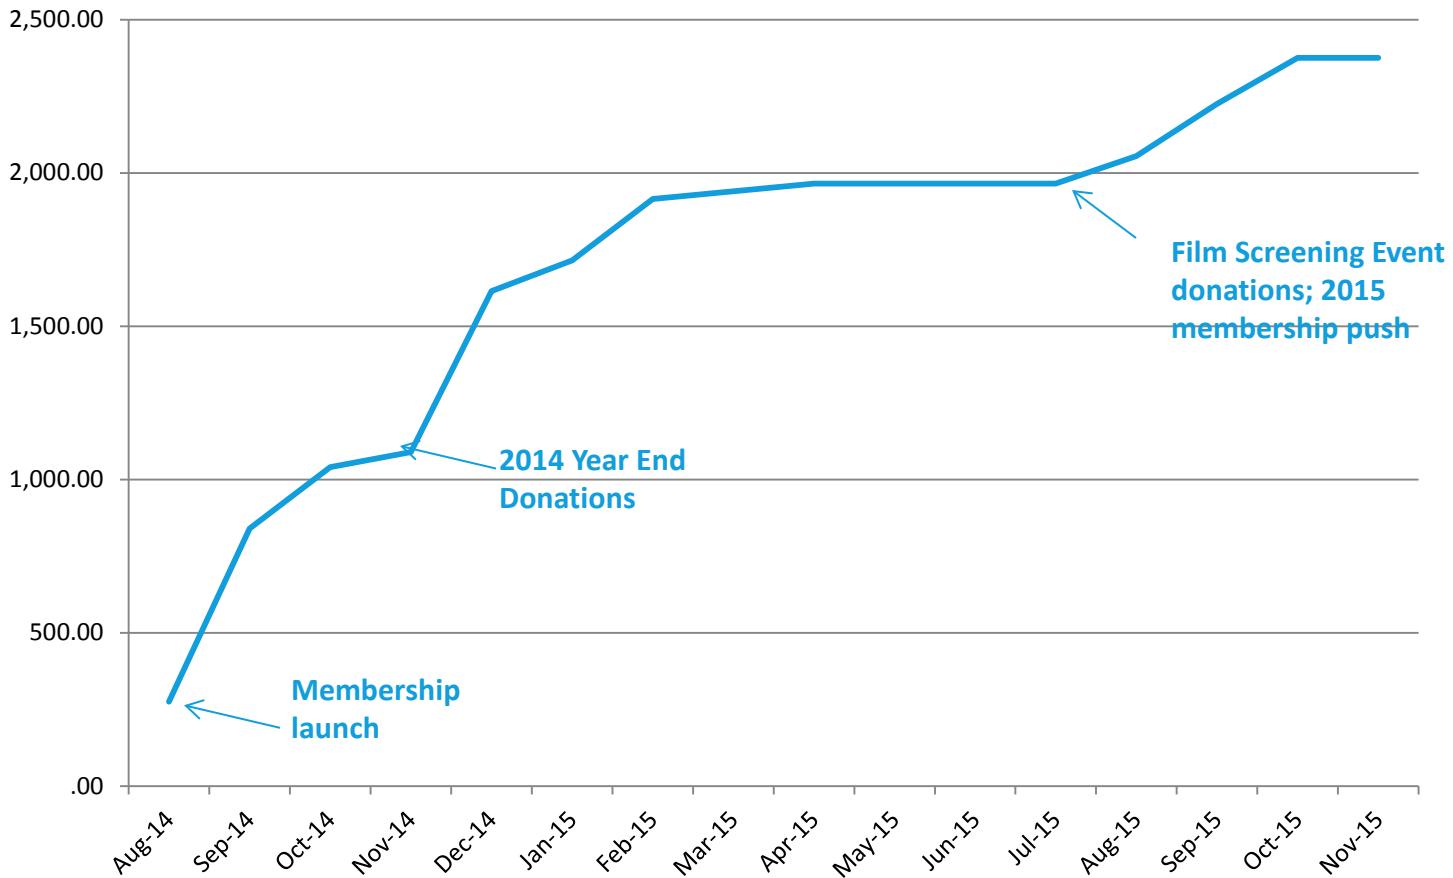

- .....→ Launched **individual member structure** in August 2014 to define and engage CCIC members .....→ Gained a total of **281 current members** and received **\$2,375 in member donations** since the launch of the new structure in August 2014
- .....→ Administered **membership surveys** in both January 2014 and 2015 to assess membership composition, engagement, benefits, needs, and immunization and immunization policy priorities .....→ Hosted **12 bimonthly coalition meetings**, including **5 joint meetings** with the Colorado Adult Immunization Coalition

# COALITION BUILDING 2014-15: STRATEGIC PARTNERSHIPS

- Formed the Colorado Immunization Data Advisory Council to address local level immunization data gaps in Colorado
- Attended and/or presented at more than 10 local, state and national conferences and events in 2014 and 2015
- Serve as committee members for the Denver Metro Alliance for HPV Prevention in collaboration with Denver Health, Jefferson County Health Department, Tri-County Health Department, and the Adult & Child Center for Health Outcomes Research & Delivery Science (ACCORDS)
  - *Serve as the convener of the HPV Advisory Council as part of these efforts*
- Continued to host Quarterly Local Immunization Coalition Conference Calls that started in April 2014 to share best practices, challenges, and encourage collaboration at the local level
- Provided support for the Vaccine Advisory Committee for Colorado (VACC)

# DENVER METRO ALLIANCE FOR HPV PREVENTION

---

**Coordinated regional partnership funded by the Colorado  
Department of Public Health and Environment**

## **Led by:**

- Denver Public Health
- Jefferson County Public Health
- Tri-County Health Department
- The Colorado Children's Immunization Coalition (CCIC)
- The Adult and Child Center for Health Outcomes Research and  
Delivery Science (ACCORDS)

# DENVER METRO ALLIANCE FOR HPV PREVENTION

---

**The Alliance aims to increase HPV vaccination rates in Adams, Arapahoe, Denver, Douglas and Jefferson counties through four approaches:**

1. Forming an Advisory Council to promote and champion HPV vaccine education, promotion and awareness
2. Developing sustainable infrastructure to measure HPV vaccination rates and CIIS penetration
3. Developing and implementing a provider intervention to increase adherence to national HPV vaccination guidelines
4. Developing and implementing a targeted communications plan to increase knowledge about the demand for the HPV vaccine among parents/guardians of adolescents aged 11 to 17 years

In 2015, CCIC formed an **Immunization Data Advisory Council** to serve as a collaboration of Colorado immunization and immunization-related data experts to address gaps in access to local, school, and childcare level data.

***IDAC VISION: Immunization data will be publicly available at the county, school and childcare levels to better inform immunization policy, research, programs and parental decision making.***

- .....→ Acquired **\$99,500 in grant funding** from the Kaiser Permanente Community Health Fund, a fund of the Denver Foundation to support initiative over two years
- .....→ Hosted first two bimonthly meetings as a forum to review the landscape of what is already being done in CO and other states, to establish goals, share resources and expertise, and to create an action plan to guide the future direction of the initiative
- .....→ CDPHE shared map of county level coverage rates at the CO Immunization Summit for participants with discussion of data limitations

# EVERY LAST CHILD Documentary Screening

CCIC hosted special events for members including a sold-out screening of the polio documentary, *Every Last Child*. The film was introduced by local polio-survivor, David Talbot and followed by an expert Q&A panel with Dr. Edwin Asturias and Dr. James Gaensbauer who provided insight based on their involvement with the Polio Eradication Initiative.

**Center for Global Health**  
colorado school of public health

 Colorado Children's  
Immunization Coalition

In 2014 and 2015, CCIC continued to offer quality, evidence-based presentations to health care professionals on the latest hot topics on emerging immunization research, best practices, recommendations, and vaccine delivery to strengthen provider practices in Colorado.

- .....→ CCIC hosted **20+ educational seminars** each year addressing issues of importance related to childhood immunizations and their role in keeping Colorado kids healthy
- .....→ CCIC educated **approximately 1,000 healthcare providers** including physicians, nurses, medical assistants, mid-level providers, pharmacists, public health officials, and others in person and via webinar each year
- .....→ Provided a **distance-learning option**, via webinar, for all events to ensure reach to coalition members and providers across the state
- .....→ Offered **continuing education (CE) credits** for at least 3 provider education events each year

Colorado Children's  
Immunization Coalition

*“Very informative,  
excellent presentation”*

*“The presenter was  
excellent! He explained  
complex material in a  
very understandable  
manner and made  
what could be a dry  
topic, enjoyable.”*

*“Webinar participation  
is helpful as I cannot  
leave my worksite for  
extended periods  
during the school day.”*

*“Information presented  
was valuable to  
practice.”*

# 2015 PROVIDER EDUCATION

**91%** of participants rated the expertise of their seminar's speaker as the top score of 'excellent'

**82%** of participants felt the teaching strategies used during their seminar deserved the top score of 'excellent'

**98%** of participants very strongly or strongly agreed with the statement '*they gained new knowledge as a result of attending the seminar*'

Participants answered **89%** of content evaluation questions correctly immediately following the presentation

*"I felt empowered to speak on immunizations to our patients and my friends and family. I had information on the safety and importance of vaccinations and really learned how to approach the hesitant patient especially regarding HPV "*

*"The best information I have had since graduate school. Perfect length, timing of exceptional speakers."*

# 2015 Colorado Regional Immunization Summit

- First CO full-day immunization conference
- Co-hosted in partnership with St. Mary's Regional Medical Center
- Grand Junction, Colorado
- Expert speakers on diverse topics
- 116 Registrants
- Positive Preliminary Survey Results
- Expanded relationships/New members
- Planning to begin soon for 2016

# Looking Forward

- Immunization Data Advisory Council Efforts
  - parental and childcare survey with ACCORDS; mapping initiatives; etc
- 2016 Colorado Immunization Summit
- Potential 2016 CDC VPD Course
- 2016 CCIC Member Survey
- Continue to Participate in/Support Denver Metro Alliance for HPV Prevention
- Refugee Immunization Task Force
- Nat'l Conference for Immunization Coalitions & Partnerships
- Targeted Training/Technology Enhancements for Educational Offerings such as Project ECHO
- Rotary Initiatives: Potential Immunization Champion Training

# COMMUNITY OUTREACH & AWARENESS

In 2014 and 2015, CCIC continued to improve upon and expand our parent-focused online campaigns to reach English- and Spanish-speaking Coloradans, while discovering new ways to engage parents online and offline.

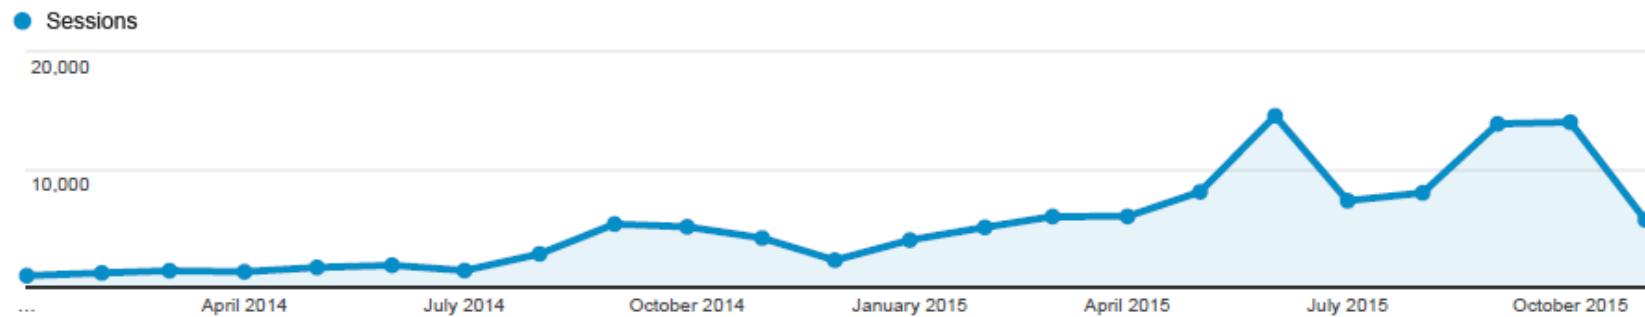

- .....→ Attracted 271,000 visitors from 201 countries to [ImmunizeforGood.com](http://ImmunizeforGood.com), CCIC's parent-focused campaign website
- .....→ Attracted 121,000 visitors from 119 countries to [VacunalosporSuBien.com](http://VacunalosporSuBien.com), the first comprehensive vaccine information website for Spanish-speaking Colorado parents
- .....→ Engaged Coloradoans online through social media channels, with 1,151 Facebook fans and 2,950 Twitter followers
- .....→ Reached over one million Coloradans with paid media placements

# COMMUNITY OUTREACH & AWARENESS

- ..... ➤ Continued to recruit contributors and publish posts to the Team Vaccine blog to address key vaccine issues from a variety of perspectives, drawing 13,800 visitors in 2014 and 15,700 visitors in 2015
- ..... ➤ Redesigned the CCIC website, [childrensimmunization.org](http://childrensimmunization.org), to create a dynamic online hub for CCIC members, healthcare professionals, parents and the general public
- ..... ➤ Developed and distributed over 20,000 new print materials, including fact sheets, issue briefs, palm cards, and Immunize for Good post cards
- ..... ➤ Launched The Dish, a weekly news clipping service for CCIC members
- ..... ➤ CCIC or its programs and activities were mentioned in more than 100 news articles, including local and national outlets
- ..... ➤ Sent 24 Shot by Shot newsletters to over 2,000 CCIC subscribers

# VacunaloSporsuBien.com

## Website Performance 2014-15

**496%** increase in visitors/users and **518%** increase in pageviews from 2013 to 2014

**121,000** visits (Jan. 2014 – Nov. 2015)

TOTAL VISITS: **124,000 visits** from **113,000 users** representing **119 countries** (June 2013 – Nov. 2015)

# VacunaloSporsuBien.com

## Website Performance 2014-15

**87%** of visits are acquired through organic search

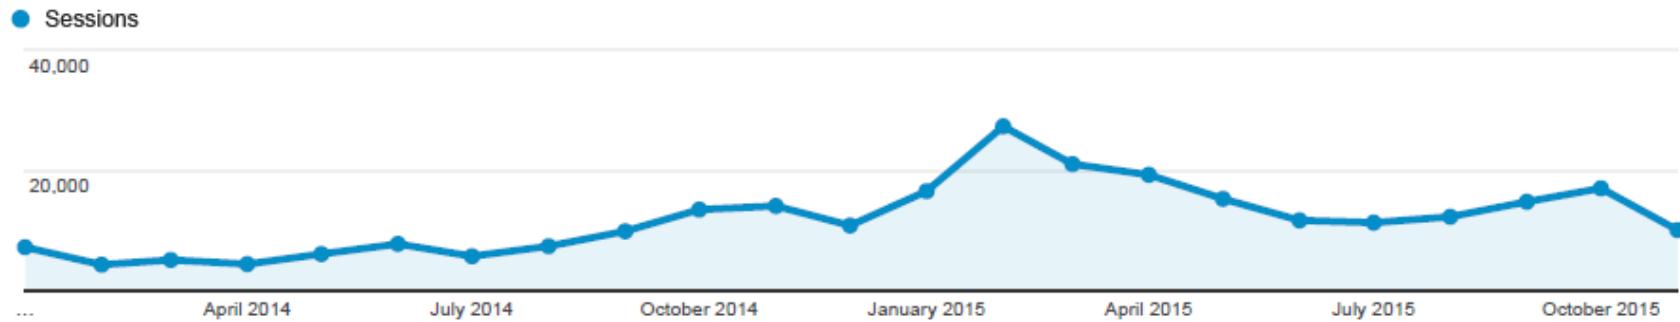

**Top countries:** Mexico (45%), Colombia, Argentina, Spain, U.S., Peru, Chile, Ecuador, Venezuela, Guatemala

**Most visited pages:** How Vaccines are Made, The Vaccines, Pain Relief, How Vaccines Work, Free & Low-Cost Vaccines, Vaccines and Pregnancy, Vaccines for Adolescents and Adults, Just for Kids

**40%** of visits are from mobile phones

# ImmunizeforGood.com

## Website Performance 2014-15

- denverhealth.org

**Most visited pages:** Benefits vs. Risk, Delayed Schedule, How Vaccines Work

# Looking Forward

- English and Spanish Campaign Website Evaluation
- Social Media Expansion
- Good to Go Mobile Web App Spanish Translation
- CCIC Promo Video
- In-Person Parent Education
- Denver Metro Alliance for HPV Prevention
- Metro Area Community Baby Fair
- 25<sup>th</sup> Anniversary Activities
- Pediatric Office Vaccination Poster

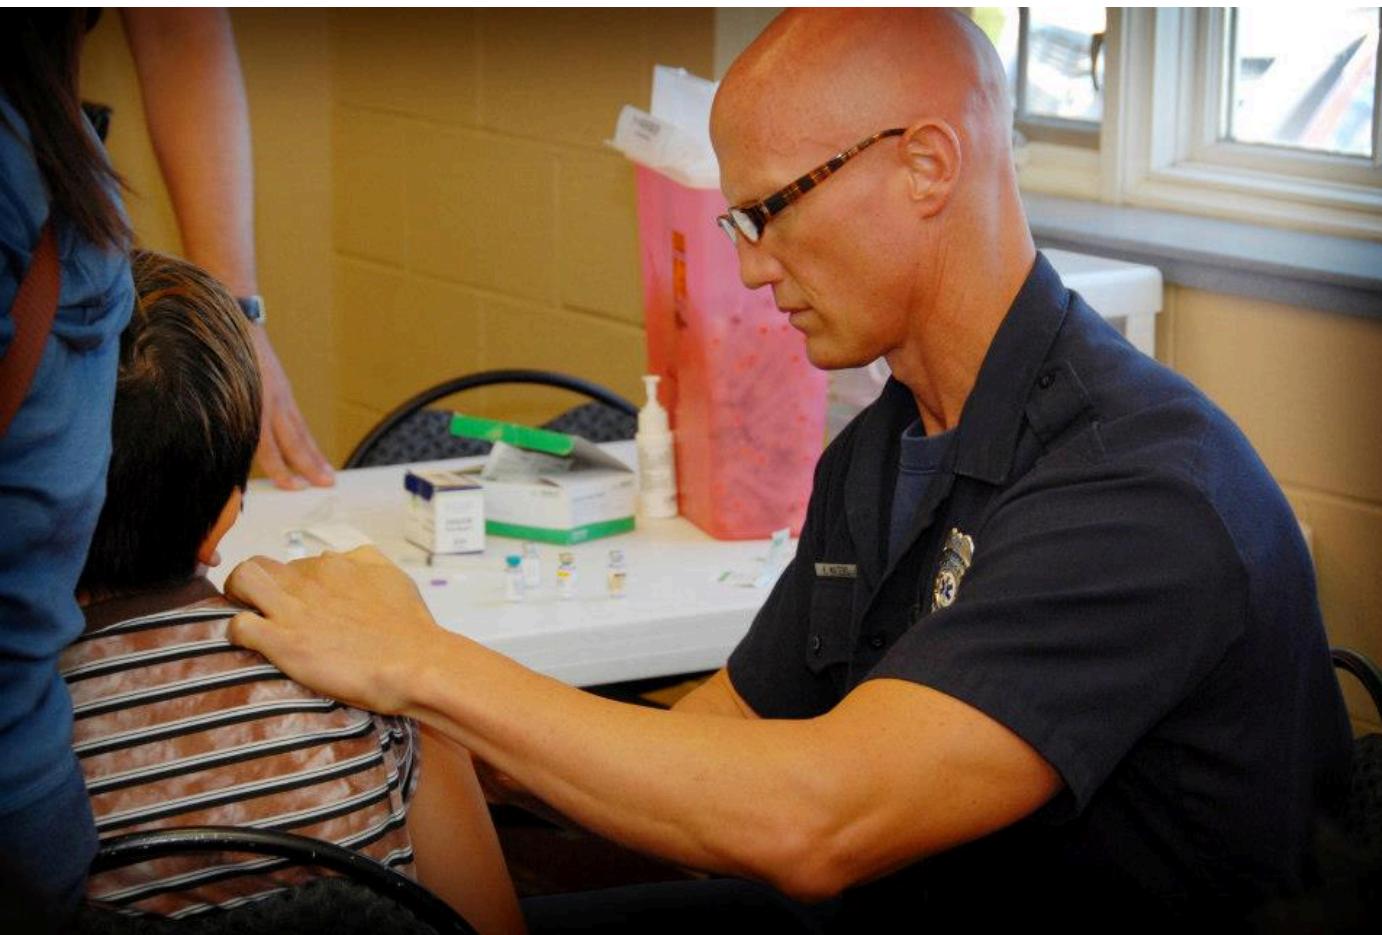

# SHOTS FOR TOTS AND TEENS

Shots for Tots and Teens, a partnership between CCIC, Tri-County Health Department, Aurora Fire Department, Denver Health and local Rotary Clubs, offers free and low-cost monthly Saturday immunization clinics throughout the year in Aurora and Denver.

- .....→ Provided **1,427** free or low-cost vaccines provided to **527** children in 2014
- .....→ Provided **2,189** free or low-cost vaccines provided to **855** children in 2015
- .....→ Distributed more than **6,000** flyers and reached more than **100,000** Coloradans with paid radio advertisements
- .....→ Utilized a total of **800** volunteer hours to operate monthly clinics

“Shots for Tots and Teens provides immunization opportunities for our youth that otherwise would not be available to them. Thank you!”

Colorado Children's  
Immunization Coalition

In 2014, CCIC had an outstanding year at the Legislature, as we initiated and led a diverse coalition to support a key policy initiative concerning personal belief exemptions. Ultimately, this resulted in the passage of HB 14-1288: "Concerning Personal Belief Exemptions for School Required Immunizations," which took effect July 1, 2014. Additionally, CCIC served on the SB 13-222 Vaccine Access Taskforce and continues to serve and staff the steering committee in support of implementing the taskforce recommendation

- .....> Spearheaded passage and implementation of [House Bill 14-1288](#), which creates data transparency for parents and others requesting immunization and exemption rates at child care centers and schools
- .....> Received grant to support implementation of the [Senate Bill 222 Vaccine Access Task Force](#)
- .....> Identified more than 30 organizations to demonstrate support for the passage of House Bill 14-1288
- .....> Received extensive local and national media attention from over 100 media outlets

- .....→ Led a stakeholder engagement process to recommend enhancements and expansion to the Colorado Immunization Information System
- .....→ Submitted a formal letter to the Colorado Board of Health urging alignment of Colorado's school-required vaccines schedule with Advisory Committee on Immunization Practices (ACIP) recommendations
- .....→ Hired a contracted research and policy analyst

Governor Hickenlooper signed into law HB 14-1288 during a May 21, 2014 ceremony at Children's Hospital Colorado.

In 2015, CCIC had another banner year advancing immunization policy in Colorado. These successes included the adoption of new Board of Health rules in support of the implementation of HB14-1288. Also, the Colorado Immunization Information System (CIIS) and Local Public Health Departments received increased general fund dollars. In addition, CCIC is managing a pilot project in support of the SB13-222 Vaccine Access Taskforce's effort to evaluate business solutions designed to alleviate some of the most common barriers in vaccination service delivery.

- ..... ➤ Led strong coalition in support of Board of Health rules to increase the **frequency of non-medical exemptions** for school-required immunizations and the **annual collection and public disclosure of school and daycare immunization and exemption rates**
- ..... ➤ Executed a comprehensive communication and outreach plan resulting in positive **media coverage** and numerous supportive written and oral **public testimony** submitted in support of the proposed rules
- ..... ➤ Secured **\$1.2 million** in funding for Colorado Immunization Information System in the FY 15/16 budget
- ..... ➤ Supported **\$500,000** in funding for Local Public Health Agencies to increase vaccine access in the FY 15/16 budget

On April 15, 2015, the Colorado Board of Health voted unanimously (6-0) to approve the Colorado Department of Public Health and Environment's proposed changes to the frequency and process of submitting non-medical immunization exemptions for school or child care.

# Looking Forward

- December 2016 launch of HB1288 immunization and exemption data collection and disclosure rates
- SB222 Vaccine Access Task Force VaxCare Pilot Evaluation
- CIIS Optimization and Increased Functionality
- Release of Phase II of Child Care Rules

# 2014 FUNDING

## JOIN TEAM VACCINE COLORADO!

### WHAT IT IS

Team Vaccine Colorado is a group of CCIC friends and supporters who are committed to donating a minimum of \$250 each year for two years to help us advance our mission. Members of Team Vaccine Colorado receive complimentary and discounted event tickets, early access to resources, and annual recognition.

### WHY THIS IS IMPORTANT

These much-needed funds build a strong and sustainable financial foundation for CCIC and allows us to be flexible and nimble in our ability to respond to emerging or urgent issues. Additionally, these donations can be used for services and programs that grant makers and foundations do not typically fund, such as policy work and advocacy.

### 2016 FUNDRAISING GOALS

We are seeking 40 friends and supporters to commit to donating at least \$250 this year to raise a total of \$10,000.

### ABOUT CCIC

As Colorado's only statewide independent 501(c)3 nonprofit organization committed to children's immunization, CCIC elevates the essential role vaccine play in preventing illness and promoting health for all Colorado. Our mission is to strategically mobilizing diverse partners and families to advance children's health through immunizations.

CCIC does not accept funding from vaccine manufacturers or distributors.
