

**CE Instructions for
RP2773: Epidemiology and Prevention of Vaccine Preventable Diseases: Adult Track
(Credit expires 10/15/2018)**

To receive continuing education (CE)

In order to receive continuing education (CE) for RP2773 *Epidemiology and Prevention of Vaccine Preventable Diseases: Adult Track*, please visit TCEO at www.cdc.gov/getCE and follow these 9 Simple Steps by 10/15/2018. The course access code is **Adult**.

If you have any questions or problems contact CDC/ATSDR Training and Continuing Education Online at 1-800-41TRAIN or email ce@cdc.gov. You may also contact the CE Coordinator at NCIRD, Melissa Barnett at MBarnett2@cdc.gov

FACULTY/CREDENTIALS:

Candice Robinson, MD, MPH, Medical Officer; CDC/NCIRD and Wolicki, JoEllen, BSN, RN, Nurse Educator, CDC/NCIRD

LOCATION: Greenwood Village, CO

FORMAT: Live; **MATERIALS:** None; **FEES:** No fees are charged for CDC's CE activities.

TARGET AUDIENCE: Physicians, nurses, nursing students, medical assistants, pharmacists, and other health professionals who provide immunizations. The target audience also includes health educators, immunization program managers, Department of Defense paraprofessionals, and other persons who administer adult healthcare services

PREREQUISITES: Participants should have a basic educational background in science including general knowledge in the subject areas of biology, immunization and vaccine-preventable diseases.

PROGRAM DESCRIPTION: Faculty from CDC's National Center for Immunization and Respiratory Diseases will present a live, one day comprehensive review of adult vaccine-preventable diseases and the recommended vaccines to prevent them. The course will feature the most up-to-date immunization information from the Advisory Committee on Immunization Practices (ACIP).

OBJECTIVES: At the conclusion of the session, the participant will be able to accomplish the following:

List 4 factors that can help when making an initial decision about vaccinating an adult.

For each vaccine-preventable disease, identify those for whom routine immunization is recommended.

For each vaccine-preventable disease, describe characteristics of the vaccine used to prevent the disease.

Locate resources relevant to current immunization practice.

Implement disease detection and prevention health care services (e.g., smoking cessation, weight reduction, diabetes screening, blood pressure screening, immunization services) to prevent health problems and maintain health.

ACCREDITATION STATEMENTS:

CME: The Centers for Disease Control and Prevention is accredited by the Accreditation Council for Continuing Medical Education (ACCME®) to provide continuing medical education for physicians.

The Centers for Disease Control and Prevention designates this Live material for a maximum of 7.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CNE: The Centers for Disease Control and Prevention is accredited as a provider of Continuing Nursing Education by the American Nurses Credentialing Center's Commission on Accreditation. This activity provides 7.4 contact hours.

CEU: The Centers for Disease Control and Prevention is authorized by IACET to offer .7 CEU's for this program.

CECH: Sponsored by the Centers for Disease Control and Prevention, a designated provider of continuing education contact hours (CECH) in health education by the National Commission for Health Education Credentialing, Inc. This program is designated for Certified Health Education Specialists (CHES) and/or Master Certified Health Education Specialists (MCHES) to receive up to 7.5 total Category I continuing education contact hours. Maximum advanced level continuing education contact hours available are 0. CDC provider number 98614.

CPE: The Centers for Disease Control and Prevention is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

This program is a designated event for pharmacists to receive 7 Contact Hours (0.7 CEUs) in pharmacy education. The Universal Activity Number is 0387-0000-17-249-L04-P.

Category: This activity has been designated as knowledge-based.

Once credit is claimed, an unofficial statement of credit is immediately available on TCEOnline. Official credit will be uploaded within 60 days on the NABP/CPE Monitor.

For Certified Public Health Professionals (CPH): The Centers for Disease Control and Prevention is a pre-approved provider of Certified in Public Health (CPH) recertification credits and is authorized to offer 8 CPH recertification credits for this program.

CDC is an approved provider of CPH Recertification Credits by the National Board of Public Health Examiners. Effective October 1, 2013, the National Board of Public Health Examiners (NBPHE) accepts continuing education units (CEU) for CPH recertification credits from CDC. Please select CEU as your choice for continuing education when registering for a course on TCEOnline. Learners seeking CPH should use the guidelines provided by the NBPHE for calculating recertification credits. For assistance please contact NBPHE at <http://www.NBPHE.org>.

DISCLOSURE: In compliance with continuing education requirements, all presenters must disclose any financial or other associations with the manufacturers of commercial products, suppliers of commercial services, or commercial supporters as well as any use of unlabeled product(s) or product(s) under investigational use.

CDC, our planners, content experts, and their spouses/partners wish to disclose they have no financial interests or other relationships with the manufacturers of commercial products, suppliers of commercial services, or commercial supporters. Planners have reviewed content to ensure there is no bias.

Content will not include any discussion of the unlabeled use of a product or a product under investigational use with the exception of Dr. Robinsons and Mrs. Wolicki's discussion of DTaP/DT, DTaP-IPV, DTaP-IPV/Hib, DTaP-HepB-IPV, Tdap/Td, Hib, Hib, IIV, LAIV4, MMR, MMRV, MPSV4, RV, VAR. They will be discussing use of DTaP/DT, DTaP-IPV, DTaP-IPV/Hib, DTaP-HepB-IPV, Tdap/Td, Hib, Hib, IIV, LAIV4, MMR, MMRV, MPSV4, RV, VAR vaccines in a manner recommended by the Advisory Committee on Immunization Practices, but not approved by the Food and Drug Administration.

CDC did not accept commercial support for this continuing education activity.
